“ *My Brother from another Mother:*

Neal Bob was to me one of the best brothers you could ask for. We (my family and I- The Cross's) met Neal Bob many years ago. We were neighbors for many years and that's how we became siblings. He had such a caring heart. He would do anything for you. My 50th Birthday he made it so enjoyable. He took upon himself to put tarps on my carport to block the coldness and allow people to sit outside. My Birthday is in November and usually cold. Neal Bob put out all the firepits around the yard so people could enjoy the outside as well. When I got sick with cancer and lost my hair he made sure that everytime he saw me, he would kiss my bald head and smile and say, "my sister and he loved me." I would get tickled when he would pull up in a different vehicle and he would have painted it. My many gifts he had collected throughout the city of Gosnell. He had a unique smile and laugh. I could go on, but I just needed to share what was most important to me for this important guy. Neal Bob was genuine and there will never be another him. He will be missed dearly. I love you Neal Bob. Fly high.
