“ This broke my heart, literally. He was a keeper. I've known Uncle Harv since 1999 & he has always been good to me. He never made me feel like I wasn't his family. And he never judged me for any reason. Harv was always the same no matter who he was around. That was one of my favorite things about him. He made me listen to Rolling Stones (verrry loudly) for the 1st time. He couldn't believe I'd never heard any of their songs. And oddly enough I fell in love with a few of their songs! A couple anyways lol. Harv you will always be my family. And you will always be missed. ❤️

“ I am heartbroken. He was and always will be my Uncle Harv! He watched me grow up and from as early as I can remember he was always part of our family. Wherever my dad was, so was Uncle Harv. He had such a sweet soul. Prayers for his entire family.
