“ *I am so sad to hear about Derrick. I had just got through wishing him a happy Birthday on Facebook and then I found his obituary. I am so sorry for the family's loss of a truly good person and friend. I first met Derrick at General Electric several years ago when he was working in Powder Coat. We immediately made friends and I have always thought a lot of Derrick. He will truly be missed.*

“ I was very close to Derrick. He was a fun, loving and caring cousin. Our daddies were brothers. I am heartbroken that we have lost him. I am taking comfort in the fact that he is no longer suffering. Sending condolences to his mother and three children. Also to his person and soulmate Tina. Rest in Peace. I love you.

“ Derrick and all of us had so much fun playing spoons at family reunions! We would also run around the park. I will miss him terribly, I had just talked to him on the Thursday before he passed. He was so helpful to me during my kidney issues. The last time I saw him was at the last family reunion, unless you count Facebook live! Derrick was such a good cousin to me. I have such fun memories. Well now he will join his dad, his two uncles and my sister Sheilah in heaven and will always be looking down on us and will be in our hearts
