“ Penny was the closest thing I ever had to a sister. I love her so very much and I will miss her forever! She taught me how to drive a car when we were in high school. Some of my best memories were just talking to her daily and reminiscing about our friendship and our lives. I miss our talks so much Penny, rest in peace sister.

“ I can so remember us hanging out growing up. I loved coming to your parents house around the block and aggravating big daddy Sherman so much your mom and him always made me feel welcome, even when we backed out of the drive way and I took the fence with me. Girl I know it has been forever since I have seen you but have kept you and your family in my prayers. I had not got to meet all of your kiddos, the only one I ever held and got to know when they were little was Amber. My heart is with all of your children, I know your mother loves you so. Thinking of all of you.

“ Penny, I am so very sorry you had to go through this in life, nobody should have to go home this young. I remember how nice you were to me when I was in Arkansas taking care of my dad, you and Ann tried to make me feel welcome there, I just needed to be at home because I missed it but you both tried to always be kind to me when I was there and I will always remember that. We had some very nice phone conversations over this past 3 years, I just wish it could have been all of these years. God bless your family during this difficult time and may he hold their hearts gently in his hands as they heal while he holds you now in his arms. Love you.
